PROCUREMENT & SOURCING

Furnishing.
Staging.
Renovating.

Tailored interior solutions for residential and commercial spaces in Mauritius.

About Us

Moovinisaprocurementand sourcing company dedicated to the furnishing of residential and commercial properties across Mauritius.

We manage the entire process — from initial brief and curated selection to delivery and installation — so our clients can focus on what matters most.

Our approach is personal, detail-oriented, and driven by a genuine passion for creating spaces that feel both beautiful and purposefully functional.

Our Vision

Spaces that are purposefully designed — balancing function, style, and intention.

Our Mission

To simplify your journey by delivering fully furnished spaces that reflect design integrity.

We Simplify

From sourcing to setup, we handle everything end-to-end.

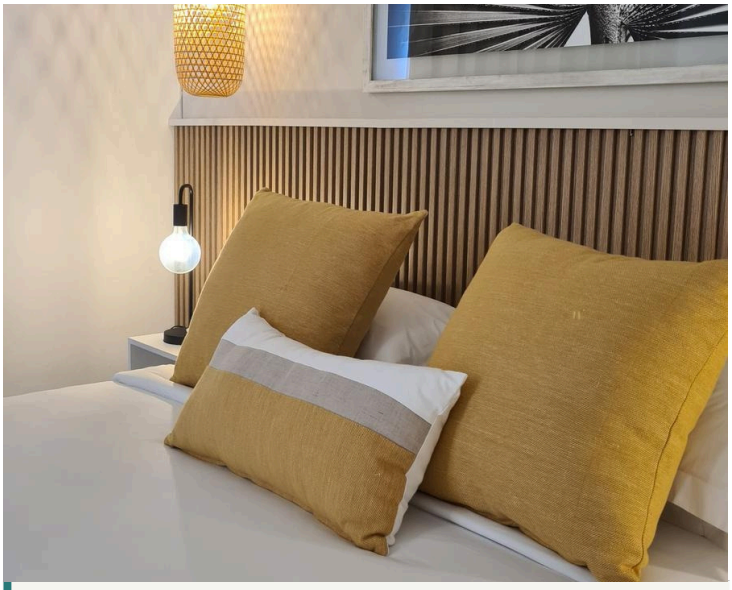
We Support Local

Promoting Mauritian artisans and local suppliers.

Quality First

Durability, aesthetics, and functionality always.

Our Services



Residential Furnishing

Elegant, functional furnishings tailored to your lifestyle — from villas and apartments to penthouses and duplexes. Every piece selected to enhance comfort, aesthetics, and value.

Commercial Furnishing

From offices to retail spaces — durable, brand-aligned solutions managed end-to-end across the full procurement lifecycle.

Home Staging

Transform interiors into inviting, market-ready spaces. We style each room to maximise appeal and make a lasting impression on buyers and tenants.

Light Renovations

Painting, flooring updates, and minor improvements to prepare your space before the furnishing phase — seamlessly managed.

How It Works

01

Brief & Budget

We begin with a personalised consultation to understand your design vision, spatial needs, and investment expectations. This ensures all sourcing aligns perfectly with your style and budget.

02

Curated Selection

Based on your brief, we develop moodboards and a curated selection of furniture, lighting, textiles, and decor — balancing aesthetics with functionality and your overall vision.

03

Sourcing & Suppliers

We identify the best local and international suppliers, comparing quality, lead times, pricing, and logistics to select ideal pieces for your project.

04

Procurement

Once selections are approved, we manage all orders — handling supplier negotiations, invoicing, payments, and delivery timelines. No detail is too small.

05

Quality Control

We oversee production progress, inspect items where possible, and coordinate shipments, ensuring everything arrives in perfect condition and on time.

06

Installation & Styling

We manage on-site delivery, installation, and styling — setting up every space with care so it looks polished, cohesive, and ready to live in.
